

Mega Samurai Sudoku

March 4, 2009: Puzzle #s 4080 A-K

Most Progressive Day of the Year suJoku.com - suDoku by Joe

A Samurai Sudoku puzzle contains 5 standard Sudoku puzzles (i.e. #s 4080A-E), with the 4 corner puzzles sharing a 3x3 block with the center puzzle (#0). Our 'Mega Samurai' puzzle contains two joined Samurai puzzles.

Shaded regions indicate shared puzzle #s.

For each puzzle, use logic to place a number from 1-9 in an empty cell so that each row, column AND 3x3 block contains all the numbers from 1-9. Each puzzle has only one solution, and each puzzle can be independently solved.
