

Trivia Sudoku

This Pacific Ocean atoll is also known as the Island of the Colorblind, because as many as 10 percent of the residents are believed to carry the achromatopsia gene that causes complete colorblindness.

Use logic to fill in the puzzle so that each of the 9 letters 'BLINDPAGE' appears exactly once in each row, column and 3x3 block. There is only one solution. Find the trivia answer - hidden along a shaded row, column or diagonal.

	L							
				P	B	D		
	E				G			
						N		A
L								P
G		P						
			L				E	
		D	N	I				
							G
