

Trivia Sudoku

This term comes from the Greek for "equal measure", reflecting that the scale along each axis of a graphical projection is the same.

Use logic to fill in the puzzle so that each of the 9 letters 'INTERCOMS' appears exactly once in each row, column and 3x3 block. There is only one solution. Find the trivia answer - hidden along a shaded row, column or diagonal.

	M						R	
		N				O		
	R		I		S		M	
E				N				T
			C		I			
M				O				R
	C		T		M		O	
		T				N		
	I						S
