

# Trivia Sudoku

From the old French for "portion" or "slice", this describes a security that can be split up into smaller pieces and subsequently sold to investors.

Use logic to fill in the puzzle so that each of the 9 letters 'PARCHMENT' appears exactly once in each row, column and 3x3 block. There is only one solution. Find the trivia answer - hidden along a shaded row, column or diagonal.

H					P			
R					E			
			A			M	T	
		T						
		A				R		
						P		
P	E				R			
			T					H
			M					N
