

# Trivia Sudoku

From the Greek for "uneven", this term relates to a triangle in which no sides are the same length.

Use logic to fill in the puzzle so that each of the 9 letters 'SIDECLANK' appears exactly once in each row, column and 3x3 block. There is only one solution. Find the trivia answer - hidden along a shaded row, column or diagonal.

					D	S		
						C	K	
			I		N			
				I				N
A								E
K				C				
			S		A			
	D	I						
		N	L
