

Trivia Sudoku

This computer term originated on September 9, 1945 when operators discovered a moth trapped in a Harvard University relay calculator.

Use logic to fill in the puzzle so that each of the 9 letters 'MOTHBUDGE' appears exactly once in each row, column and 3x3 block. There is only one solution. Find the trivia answer - hidden along a shaded row, column or diagonal.

M		G		E				
			U			T		
	H						G	
	G	B	D					
						E		M
U			T				O	
				B				
E
